STIEBEL ELTRON

data sheet

CK 20 S

Power packs.

The rapid heaters of the CK series are not only designed to look good, their heat delivery, too, makes them a winner in any room. As the standard version, the CK 20 S makes a good impression with variable temperature selection and a particularly quiet fan. The technology is stylishly tucked away under a robust metal casing. The appliance is connected using a standard mains plug.

The most important features

- Extremely rapid heating of rooms
- Little space is required
- Ideal for the bathroom
- Exclusive design
- Quiet crossflow fan
- Variable temperature control
- Connected load 2 kW

STIEBEL ELTRON
